

Rifle type spray gun

G9 Straight spray gun

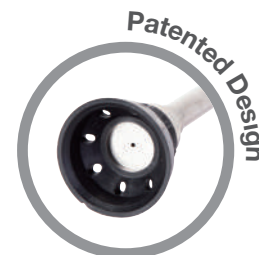

(1/2" x 3ft, 4ft, 5ft)

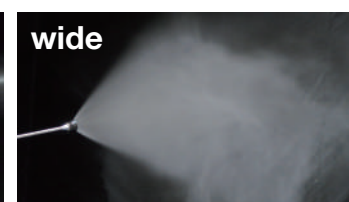

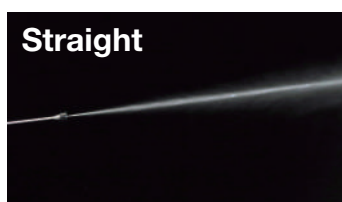

Feature

- The spray gun with patented spoiler has dual spray patterns of straight and wide flat fan.
- Rotating the knob and the spray pattern can be arbitrarily adjusted.
- More eddy diffusion by the spoiler and better adhesion of the pesticides to the leaf.
- Reach both near and far targets. Very good to be used for fruits, vegetables and garden trees

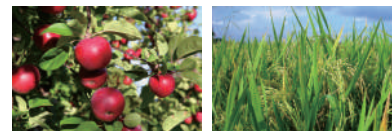

Models		G9 Straight spray gun		
Flow rate (L/min)	kg/cm ²	30	40	50
	Wide	3.94	4.55	5.09
	Straight	8.65	10.0	11.2
Spraying distance		10m (straight)		
Length		3ft, 4ft, 5ft		

Rifle type spray gun

G10 Bend spray gun

(1/2" x 3ft, 4ft, 5ft)

Feature

- The spray gun with a bend nozzle of fixed angle has dual spray patterns of straight and wide flat fan.
- Rotating the knob and the spray pattern can be arbitrarily adjusted.
- The bend nozzle helps users an easier and more ergonomic operation when facing low angle spraying requirements
