*¹ Unit without battery *² With standard pipe*³ With standard 4 Ah battery

// 50V lithium ion battery generates greater power for heavy duty performance

// Brushless motor for long lasting and maintenance free.

// Advanced motor control maintains high performance with reduced energy consumption.

// Ultra-low noise for continued operation in noise sensitive areas.

// Variable speed control for optimised blowing power and run time.

// Unique design fan cover for better air circulation, no incoming obstruction and low noise.

// Throttle with cruise control for operator convenience.

// Rotational control for reduced operator fatigue.

// Metal ring helps reduce wear on the nozzle.

// Rubber over-mold grip for firm grip.

// 50V lithium ion 4Ah battery as standard and 2Ah battery as option.

// Rapid charger reduces charging time.
