

SPORT HOT

Turflin

- Good wear tolerance
- Fast establishment
- High stress tolerance towards diseases and drought
- Dense and compact growth

TURFLINE GREEN QUALITY

Hard-wearing lawn grass

Sport is hard-wearing and contains Quick Action© that provides quick establishment. It has dense and compact growth and has strong recovery after damage. For hot & dry composition, drought tolerant grass is included.

Improved playability under stress conditions with Quick Action©

The Turflin Sport mixture has been upgraded with the unique Quick Action© perennial ryegrass. This resilient perennial ryegrass type is only available from DLF. Quick Action© has a much improved tolerance to diseases and also towards drought. Especially in the autumn and winter seasons the disease tolerance against Fusarium is much improved. This, together with a fast establishment and improved growth under lower temperatures.
